INTRODUCTION

The Municipality of Red Lake is located at the end of Highway 105, approximately 170 kilometers north of the Trans Canada Highway at the Vermillion Bay turnoff. It comprises of an area equivalent to 672 square kilometers. Six communities including Starratt Olsen, Madsen, Red Lake, Balmertown, Cochenour and McKenzie Island are amalgamated to form the Municipality of Red Lake. The total population is approximately 4,600.

The Municipality of Red Lake is a progressive community strategically located on the major access route to a large part of Northwestern Ontario, a region with significant potential for sustainable development. As a community, the Municipality is characterized by our northern hospitality and our entrepreneurial spirit. The Municipality is the beneficiary of extensive, abundant natural resources, and the home of world class gold ore deposits. This has created a community that we want to ensure can last; a community that is less reliant on one industry; that provides everything our citizens require to support a uniquely rich quality of life; and that ensures the beauty and abundance of the area continues to be available to future generations. This diverse, yet progressive, municipality is looking for assistance with the preparation of a Strategic Plan that will guide the Municipality, its residents, staff and Council into the future.

This Request for Proposal was approved by the Municipality of Red Lake, on June 1, 2011. The need to revise and replace the current Strategic Plan is a priority of the current Council with direction that such plan be completed by December 1, 2011.
