

WALKABLE COMMUNITIES ADVISORY COMMITTEE - MANDATE

Committee Composition: 2 Councillors
1 Parks and Recreation Supervisor
1 Mining Representative
1 Ministry of Natural Resources (MNR) Representative
1 Green Committee Representative
5 Members of the Public

Meetings: Monthly or as determined by Committee.

Chairperson: To be selected by Committee from non-municipal members.

Stipend: None; unless out of town travel is required, then the Municipality of Red Lake's Travel Policy shall apply.

THE RECOGNITION, ROLE AND MANDATE OF THE ADVISORY COMMITTEE

Recognition

- Recognize the values and visions of the Municipality as defined in the Strategic Plan.
- Recognize that a walkable community concept cannot be solely supported through taxation.
- Recognize that the residents of Red Lake require walkable communities that play a role in our well-being and in our education, heritage, culture, environment and transportation.
- Recognize that a walkable community incorporates multi-use value and concepts.

Role

- Be concerned with a program that encourages and enlightens users.
- Be concerned with the design, concept, construction, use and after care of the program.
- Be concerned with the various user and community groups who may wish to approach this committee.
- Be concerned with the function of partnership arrangements that ensures success of the program.
- Be concerned that any policies developed and recommendations are consistent and applicable to all municipal by-laws and provincial legislation.

Mandate

- The Committee should endeavor to identify local needs, develop local solutions and make recommendations to Council that encourages the concepts of walkable communities.
